

A WORD FROM MRS. JOHNSTON SEPT. 6, 2018

This week in Morning Prayer we have continued to talk about the virtue of kindness and I have been challenging the kiddos to let us know when they see someone showing kindness to them or to someone else. I have been amazed how the students have been letting me know not just when they see kindness in a friend but also in their teachers. We have also talked about how a simple smile is a way of sharing Christ with someone else. We have discussed the importance of greeting each other with a smile and that God smiles on us every day with a beautiful sunshine, the gorgeous stars, the Fall leaves and all the people He puts in our lives.

One other discussion we had is that we don't always want to do everything on our own. When we are making decisions we need to pray and ask for God's guidance. I told the kids that I was a music therapist working with troubled youth and I had different people ask me over the course of a year if I would consider being a principal. As you can guess I thought I knew best and I said absolutely not. Finally when I decided to listen to God and ask Him for his guidance I told Him OK if this is what you want me to do then you get me a job. In the mean time I prayed for a boulder to get in the way. God knew so much better than I. I had to go back to school but He now showers me with beautiful kids smiles every day and I love it!!! God is good, all the time...All the time, God is good.

I want to say a great big thank you to so many parents who help around our school. You are amazing. From Gaga pit and playground help to serving on committees to preparing and serving lunch, to selling raffle tickets to prayers for our school family. You are amazing. I loved having the opportunity to make connections this week with parents and their kids as we sat together in meetings. I'm excited to get to know all of our kiddos Mom's and Dad's.

As all of you know we have started selling raffle tickets for our November Chicken Dinner. Please stop by the office and pick up tickets and sell them at work, at the football game, at the cross country meet, etc. Let's work hard, all together, to sell every single ticket. Let's do it!!

Please don't forget to put my cell number in your phones, 517-795-6127. When you have questions or concerns please feel free to give me a call.

God Bless, Angela
